

R175MCP6010FMG

By Midwest Electric Company

Midwest's R175MCP6010FMG, a 50-30-20 ringless pedestal, is UL listed and MEG approved for service entrances. Trusted nationwide, each pedestal features a 100-amp socket, durable 16-gauge steel and NEMA 3R construction to resist corrosion. Available for direct-bury installation and fitting all standard round watt-hour meters for long-lasting performance.

FEATURES AND BENEFITS

- MEG approved for compliance with service entrance standards
- Available for direct-bury
- 100 A main breakers for enhanced protection

Rugged Durability

- NEMA 3R weatherproof construction
- Riveted steel construction with powder-coated finish for durability

User Safety

- Pad-lockable enclosure for added security
- Ringless meter socket ensures secure and safe connections

Installation Ease

- Factory wired with receptacles and breakers for easy installation
- Fits all standard round watt-hour meters
